DEPT. OF  
OIL, GAS & MINING

February 25, 1980

Mr. Tom Suchoski  
Utah State Oil Gas and Mining Division  
1588 West North Temple  
Salt Lake City, Utah 84116

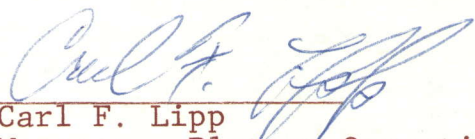

Dear Tom:

Re: Sinbad Property

Pursuant to your request on February 22, 1980  
I am submitting the following information.

We will scrape off the topsoil on any areas we plan to disturb, approximately 6 inches, and stockpile this in a separate area. At the completion of mining activities this topsoil will then be spread over the disturbed areas and reseeded.

Very Truly Yours,  
MINERALS RECOVERY CORPORATION

  
Carl F. Lipp

Manager - Plateau Operations
